Mobile Phones and Electronic Devices Policy

EFIA/CIR-14/2025-26

07/05/2025

Dear Parents and Guardians,

In line with Ministerial Resolution No. (851) of 2018 concerning the Student Behavior Management Regulations, we would like to remind you of the policy regarding mobile phones and other electronic devices on school premises.

Government and private schools in Abu Dhabi are strictly enforcing a ban on the use of **mobile phones, smart watches, and electronic gaming devices** within school grounds. This measure aims to ensure a focused learning environment, protect student privacy, and promote discipline.

Key Guidelines:

- If a student is found in possession of a **mobile phone**, it will be **confiscated immediately**.
 - The **parent/guardian will be notified**.
 - The parent must **sign Form 24** upon confiscation.
 - The phone will be **returned after one month** on the **first offense** upon signing **Form 25**.
 - For **repeat offenses**, the phone will be held **until the end of the academic year**.
- If the phone contains **photos or recordings of teachers, students, or staff**, the case will be referred to the **Child Rights Unit** for appropriate action.
- **Smart watches and gaming devices** will be **confiscated immediately** with no exceptions.
- **Cameras** are strictly prohibited unless **prior approval** is obtained for a **specific and clearly defined purpose**.

We kindly ask all parents to support this initiative by ensuring that students do not bring any restricted electronic devices to school.

Thank you for your cooperation in maintaining a safe and respectful learning environment.

SAJI OOMMEN
