Annual Health Screening for Students

2025-26

EFIA/CIR-6/2025-26

14-04-2025

Dear Parents,

Greetings.....

As we commenced on a new academic year, Our school clinic setting up for the **Annual Health Screening** for the students from **KG 1 to Grade 12**. This annual screening includes assessments of **Height, Weight, BMI, Vision Test and Blood Pressure**, etc. Which will be conducting during school hours. The results will communicated to the parents through student health card. This ensures timely follow-up and appropriate care.

Our goal is to ensure the well-being of every student and promptly address any health concerns.

Your cooperation is essential for a smooth screening process.
