

"If English is the window to peep into the world, spellings are the tools to frame the window!"

Due to the influence of the electronic media, the present day children are not interested in learning the spellings. That is why Royal Spelling Bee has come forward to conduct spelling competition for students from grade 1 to 12. As we all know reading, writing and arithmetic popularly known as the three Rs form the foundation of education. Mastering these makes a person literate. The ideas are expressed through the medium of words. And that is where spellings come into play. Spelling is the basic skill underlying writing and therefore should be an integral part of instruction of every student. It is a well-known fact that what we learn as children remains with us throughout our lives. Keeping this in mind we are bringing the Spelling Bee Competition to inspire the children of today to master their spellings.

The Competition has 4 levels.

1	School Level
2	Inter school Level (Emirates Level)
3	National Level
4	G.C.C Level (Planning)

Royal Spelling Bee is open to all school students from K.G. to 12. The participants compete in Seven different levels, depending on the class they study in.
