

WORLD ENVIRONMENT DAY

REF: EFIA/CIR -012 /2021-22

18-05-2021

Greetings!!!

Dear Parents,

We are much delighted to inform you that our school is celebrating World Environment Day on 30th May 2021. Our school is organizing various activities for students from Grade 1-12, to create awareness about the environment we live in. The theme for the World Environment Day-2021 is "Restoration of Ecosystem". Students will be dressed in green for the day.

Topics

Grade 1-5

Make Best out of Waste. (Further details will be uploaded in the Google classroom).

Grade 6-9 (Choose any one)

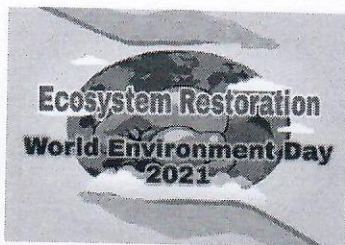

1. Make plant based paints and draw pictures of your choice using it.
2. Make dust bins using recyclable materials.
3. Display any innovative art, craft or models based on the theme.

Grade 10-12

To restore ecosystem during the pandemic, make your classroom a 'Green Classroom', creatively.

Note: Students attending the school physically can bring potted plants to keep at the school.

A picture of the student with his/her activity (Name, Class, and Section must be included) should be submitted to the respective homeroom on or before 30th May, 2021.

REIMAGINE. RECREATE. RESTORE.

Saji
