This initiative aims to educate students about the harmful effects of tobacco use and encourage them to lead a healthy, tobacco-free lifestyle.

The theme for this year is "**Unmasking the Appeal: Exposing industry tactics on Tobacco and Nicotine Products**".

The activities assigned shall be conducted during the respective Science period in the following week.

- **Mask making & Poster Making (Grade 5).**
- **Short Skits / Role-Plays on Tobacco Hazards and ways to resist peer pressure to smoke (Grade 6-8)**
- **Student Awareness Talks by experts (Grade 9 & 11)**

To emphasize the objective of this initiative, the students of the school council will perform a rally on 29<sup>th</sup> May, in the school premises. Details of the classroom activities shall be uploaded in the respective Google classrooms.

We encourage your support in reinforcing these messages at home. Together, we can guide our children toward making informed and healthy life choices.
