Circular for parents **Kindergarten section (2025-26)**

REF: EFIA /CIR-034/2025-26

Date: 21/08/2025

Dear Parents,
Greetings!

Subject: Inclusion of Arabic Language Instruction in Kindergarten

Dear Parents/Guardians,

In our ongoing commitment to fostering the holistic development and well-being of our students, we would like to share an important update with you.

According to a recent directive issued by the Department of Education and Knowledge (ADEK), it is now mandatory for all private kindergartens across Abu Dhabi to include Arabic language instruction as part of their curriculum.

We view this requirement as a valuable opportunity to enrich our students' learning experience while also ensuring that we meet the highest educational standards. Arabic is not only an essential part of the cultural and linguistic landscape of the UAE but also a means of fostering greater understanding and connection within our diverse community.

An updated class timetable will be shared with you soon, reflecting the inclusion of **four Arabic periods per week** for kindergarten. This implementation will take effect from **1st September 2025**.

We appreciate your support and cooperation as we implement this important initiative, which will contribute positively to our students' overall growth and development.

Saji Oommen
Principal
