**Circular for National Measles immunization Campaign.  
KG1, KG2 and Grade 1 Students.**

EFIA/CIR- 63/2024-25

23-01-2025

Dear Parents,

The Abu Dhabi Public Health Centre has launched a national immunization program across the Emirate of Abu Dhabi. This initiative aims to strengthen the immunity of children aged 1-7 years by administering **a single dose of the MMR vaccine, regardless of their previous vaccination status or past exposure to measles, mumps, or rubella infections.** Kindly review the consent form, which will be uploaded in Google Classroom, and indicate your agreement or disagreement by filling it out and signing as required.

## National Measles Immunization Campaign

**Dear Principals,**

In line with our commitment to maintaining public health, protecting health of individuals, and preventing the spread of communicable diseases, and in collaboration with the Ministry of Health and Prevention (MOHAP) and Dubai Health Authority (DHA), the Abu Dhabi Public Health Center has launched the National Measles Immunization Campaign across the Emirate of Abu Dhabi.

### **What is the National Measles Immunization Campaign?**

The National Immunization Campaign aims to strengthen immunity in children aged 1 to 7 years with one dose of Measles, Mumps and Rubella (MMR) vaccine.

The National Measles Immunization campaign run from November 4, 2024, providing one dose of MMR vaccine to children aged 1 to 7 years, regardless of previous vaccination status, vaccination history, or previous exposure to measles, mumps or rubella infection.

### **What do we need from you?**

To participate and contribute to the success of this National Immunization Campaign in schools in the Emirate of Abu Dhabi through distributing the "MMR Vaccination Consent Form" to all parents of the targeted students, in order to ensure that the campaign runs as required and achieves a high coverage rate.

The Ambulatory Healthcare Services-SEHA, a subsidiary of Pure Health will provide the MMR vaccine to students in the following grades (or their equivalents in different curriculums), during the academic year 2024/25.

- KG1
- KG2
- Grade 1

### **What resources are available?**

- MMR Vaccination Campaign Consent form as per School Health Services attached
- Measles Immunization Campaign updated educational materials, and frequently asked question available in ADPHC website: <https://www.adphc.gov.ae/en/Public-Health-Programs/measles>
- For any inquiries and coordination for vaccination in your school please contact the clinic focal point in the enclosed list

**We thank you for your support!**
