Annual Health Screening for Students

EFIA/CIR-07/2024-25

Date:26/04/2024

Dear Parents,

Greetings.....

As we commenced on a new academic year, Our school clinic gearing up for the **Annual Health Screening** for the students from **KG 1 to Grade 12**. This annual screening includes assessments of **Height, Weight, BMI, Vision, and Blood Pressure**, etc. Which will be conducting during school hours. If any abnormal results are identified, we will promptly notify parents via email or a referral letter. This ensures timely follow-up and appropriate care.

General Consent Form:

As per the DOH instruction it is mandatory to collect the consent from the parents every year for the screening so we kindly request all parents to submit the duly filled **General Consent Form**, which will be uploading in the google class room by the respective class teachers.

Our goal is to ensure the well-being of every student and promptly address any health concerns.

Your cooperation is essential for a smooth screening process.
