“PILE IT UP” CHALLENGE 2022

Dear Parent,

Greetings from EFIA!

In alignment with Abu Dhabi government launch of “Mission to zero” campaign which aims to achieve zero consumption of single-use plastics, we would like to invite all parents to be part of the campaign by participating in a single-use plastic water bottle collection challenge called (PILE IT UP) that was launched on 23rd September. The last day for the challenge is 15TH November 2022.

The challenge aims to encourage students to adopt sustainable environmental practices such as recycling single – use plastic water bottles. The students are required to collect single-use plastics from schools and homes and return it to dedicated containers at school to be sent for recycling.

Schools that collect the highest number of plastic bottles will be announced as the winners by the “Environment Agency, Abu Dhabi” on their social media platforms.

We encourage all students and parents to participate in this challenge to inculcate green skills among our students.

SAJI OOMMEN
