WORLD ENVIRONMENT DAY 2025

REF: EFIA/CIR-26/2025-26

Date:30/05/2025

Dear Parents

World Environment Day is celebrated annually on **June 5** to promote awareness and action for the protection of our environment. In observance of this important occasion, the **Science Department – Eco Club** will be organizing a series of activities across the school on **Wednesday, June 4, 2025**, to raise awareness about this year's theme: **"Beat Plastic Pollution."** As part of our ongoing efforts to promote sustainability, the **Science Department** is encouraging the school community to participate in the **"Donate a Plant, Give Hope"** initiative. Under this program, selected sections from each grade will donate a plant to neighborhood locations every month, starting from **June 2025**.

Please refer the Google Classroom for the details of the activities.

NOTE:

All the activities will be conducted during the activity period/Science period in the 1st week of June. Students (KG–12) can wear green-colored dresses. If a green dress is not available, students should come in school uniform.
