

Circular to All Parents
General instructions to prevent infection
as instructed by ADEK and DOH

Dear Parents,

Greetings!!

As a precautionary measure, we advise you to consult a doctor if your child exhibits any symptoms of fever, flu or respiratory illness, and keep your child at home until he/she is well.

In case of a student or a person from the family has recently visited (during the past 20 days) China regardless of the presence of symptoms the child must be excused from the school for a period of 14 days from the date of arrival.

It is recommended to avoid close contact with symptomatic people who have fever, cough, or shortness of breath (flu like symptoms)

Precautions for preventing infection:

- 1) Hand hygiene: cleaning hands for at least 20 seconds.
- 2) Use hand sanitizer if soap and water are not available.
- 3) Cough and sneeze etiquette: covering the mouth with inner elbow or by using tissue papers instead of hands
- 4) Make sure to use the mask if you have flu like symptoms.

A handwritten signature in green ink, appearing to read 'Sari', is written over the printed name 'Principal'.
