

EMIRATES FUTURE INTERNATIONAL ACADEMY

WORLD ENVIRONMENT DAY

REF: EFIA/CIR - 092/2020-21

30-05-2020

Dear Students,

We are much delighted to inform you that our school is conducting various activities for students from Grade 1-XII, in order to create awareness about the environment we live in. These activities are conducted as a part of the World Environment Day, celebrated every year on 5th June. Selected activities will be uploaded in the School's Facebook page.

Topics

Grade 1-5 (Choose any one.)

1. Design sign board /poster related to conservation of energy.
2. Grow an indoor plant.
3. Create a paper bag by reusing paper.
4. Create your own masterpiece by reusing the following items.
(Egg shell, straw, paper, pencil shavings, pistachio shell, etc.)

Grade 6 (Choose any one.)

1. Note down the list of things disposed of as waste from your homes for 5 days and prepare a survey on different types of waste disposed.
2. Create an artificial rainforest in a jar.

Grade 9-12

Prepare a write up on any one of the following in 200-300 words:

1. If drinking water is not available in the world, what would you do as a future scientist to avail water facility? (You may include the reason for the non-availability of water.)
2. All the natural resources found in the world are depleting at a rapid rate .As a responsible adult citizen, explain how you can incorporate alternative resources of energy to overcome this issue.

Students are requested to forward a picture of themselves with their activity mentioning their name, class, section to prathiba.lakshmy@efiaschool.com and ccacompetitionsr@efiaschool.com on or before 4th June.2020.
