

(“Grow, Nourish, Sustain. Together.”)

REF:EFIA/CIR-113/2020-21

22-10-2020

King Letsie of Lesotho, an FAO Goodwill Ambassador, described the 2020 World Food Day theme (“Grow, nourish, sustain, together. Our actions are our future”), as a clarion call for greater collaboration to build more resilient food systems, and “defeat the scourge of hunger, food insecurity and malnutrition”

World Food Day is celebrated on 16th October every year. This year (2020) is particularly significant as it is the 75th year of the event, occurring at a time when the COVID-19 pandemic threatens food security in many parts of the world. On behalf of World Food day, our school is conducting various activities for students from grade 6 to 12 to create awareness about food scarcity and sustainability. Best activities will be displayed on EFIA School’s Facebook page.

The details are as follows:
