“CLASS MAGAZINE 2020 COMPETITION”

Dear Students,

Taking some ‘time out’ from regular classes and doing something completely different can really help you in developing group dynamics, refreshing inherent talents and sparking creativity in you. Class projects can be an excellent way to focus on the class altogether and get them working unitedly towards a common goal. It also helps in honing social and individual skills and talents.

We are pleased to inform you that we have planned to conduct a “**class magazine competition**” for the students from Grade 3 to 12. Making a class magazine is a project that will appeal to most groups as it allows individuals to work on what interests them. Last date for the submission is on 25th June 2020. We wish for a whole-hearted involvement of the students and class teacher.

Rules to be followed:

- Paper size of the Magazine: A4 size
- Minimum Participants : 50% of the class students
- Minimum No of pages : 25
- Articles have to be well written, thoroughly researched, properly referenced, and suited to the target audience.
- Pictures and Graphics have to be sharp, well designed, engaging, and should appeal to target audience.
- Each paragraph should have a core idea, solid detail, smooth transitions. Paragraphs should elucidate appropriate methods of development, such as narration, description, examples, comparison, classification, process analysis, definition, and persuasion.
- The manuscript has to be in correct form. Errors should be corrected with proper editing tools.
- There should be a title and a theme for the magazine.
- Class teacher will be the chief editor and class teacher can select/ nominate a student as student editor to compile the students work and make it as a magazine.

Best class magazines will be posted in the school’s Facebook page and the students will be awarded after the school re-opens.

Looking forward to an overwhelming response and co-operation.

Principal
