

Dear Parents,

Thank you for your support throughout the past weeks; we have seen our online learning provision extend, adapt, mould and shape to best fit the needs of our families at Providence English Private School, and we continue to do so throughout the holy month of Ramadan to ensure that we can support all of our families in our collective aim of togetherness, patience and strength.

As we promised to keep you updated, here are some headlines to read through.

Books

We took all safety procedures for the books pick-up service. The school sanitized all books when received in school and then we have kept them outdoors for two days and sanitized again along the plastic bags. We have created a drive through service for books pickup and scheduled different times and dates for extra safety measures. Parents do not have to enter the school building for book collection; books are delivered straight to your car when entering school parking. Please make sure that you pick up the Books if you have not done so yet.

Registration

School is now open for new admissions and registration for next academic year; please make sure you have reregistered your child for next year to guarantee a seat. For registration please email admin@peps.ae accountant@peps.ae

Online Payment

For extra safety measures, the school developed an online payment system which is integrated with your portal. You can settle any payment due through portal now using you Credit Card. For more details on online payment please contact finance@peps.ae

Survey

As we are accredited candidate and member of Council of International Schools (CIS), we have sent a parents survey in portal for all grades, and student's survey for students from Grade 4 to Grade 12. This will help us and CIS to have a better understanding of many aspects within the school operation and support. So we hope that you fill the survey this week.

Stay Safe & Best Reagards,

Marwa Diaa

Principal
