

Your child attends an internationally recognized school

CIS International Accreditation is a rigorous school-wide evaluative process that measures alignment with internationally benchmarked standards and provides guidance for continuous improvement.

Through their achievement of these standards, CIS-Accredited schools have been verified as delivering high-quality international education focused on the development of knowledge, skills and attributes necessary to prepare students as global citizens.

CIS International Accreditation demonstrates your school's commitment to high-quality international education.

Achieving this mark of quality, recognized across the world, shows that your school:

- has a clear purpose and direction
- focuses on the quality of teaching and student progress
- prioritizes student safeguarding and well-being
- is committed to global citizenship
- knows itself and has thought deeply about the services it offers to students, families and the community
- delivers what it promises
- is constantly seeking to improve its performance in all areas to achieve relevant learning outcomes for its students
- is devoted to its mission and vision for students, and adheres consistently to the CIS Code of Ethics
- plans strategically for the future

“ Our school is recognized as an accredited school. Our students' applications to universities and colleges are boosted by being CIS Accredited. The accreditation process helps us look objectively at what we do with the guidance of international standards. ”

Universities around the world reach out to students at CIS-Accredited schools

Students educated at CIS Accredited schools are sought after by universities due to the rigour of their international education and their preparation for life no matter where their paths may take them.
