

Al Kamal American International School – Halwan  
Term 1/ 2023-2024

## BYD (Bring Your Own Device) Policy

Dear Parents,

AKAIS – Halwan always strives to establish high quality education which copes with the technological world we are living in. Accordingly, we have provided our students many online resources to boost their skills in various subjects such as Reading eggs, Mathletics, etc. Therefore, there is need of bringing the students own device to school, the accepted devices are tablets, iPad, laptops (mobile phones are strictly prohibited).

In order to, ensure our students e safety, the school has installed strong firewall system that blocks most of the unwanted websites from the students WIFI. Also, to diversify our students’ resources, the school has decided to utilize electronic devices in learning according to the below table:

| Grades      | Days in which devices are needed     |
|-------------|--------------------------------------|
| KG1-KG2     | Thursdays only                       |
| Grades 1-4  | Mondays and Thursdays only           |
| Grades 5-8  | Mondays, Tuesdays and Thursdays only |
| Grades 9-12 | All weekdays                         |

However, other than the above-mentioned days, grades 5-12 will be using their devices on the quiz days or upon supervisors’ request.

In case of using mobile phones during school, code of conduct will apply (kindly refer to the message sent earlier from the Social worker)

We trust our students will abide by the above policy to ensure their best interest and wellbeing.
