Dear Parents,

**Sub: Invitation to Participate in the Annual Environmental Awareness Survey by Ministry of Climate Change and Environment, UAE**

As per the information received from SPEA, the Ministry of Climate Change and Environment, UAE is conducting the Annual Survey of Environmental Awareness and Behavior for the year 2023.

The primary objective of this survey is to evaluate and monitor the level of awareness among students, teachers, parents, and community members within the educational field. The insights gathered will help in understanding the impact of this awareness on behaviour and contribute to enhancing levels of environmental consciousness within our school community.

We believe that your participation in this survey is crucial to the success of this initiative. To participate, please follow the link provided:

- For students of the second and third cycle (Gr 5 to Gr 12) :
