As per the norms of the standardized test, remote testing is not allowed. This is to maintain the integrity of the assessment data as remote testing does not provide secure and stable testing environment like in school.

General Instructions:

- The assessment format comprises multiple-choice questions, with a practice session preceding each level. The assessment is divided into three parts, and students are required to complete Part-1 to Part-3 sequentially.
- **Students are encouraged to bring their own device (Laptop) on the scheduled day of the test.**
- The assessment will take place during school hours, and the link will be active only during the scheduled time as mentioned above.

Kindly ensure your child's participation in this important assessment.

With Regards,
