CIRCULAR No. -04

CBSE SECOND BOARD EXAMINATION -MAY 2026

Dear Parents

Greetings!

Please be informed that CBSE has introduced a Second Board Examination for Grade X students, to be held in May 2026. This is an optional opportunity for eligible students to improve their performance in up to three subjects from Science, Mathematics, Social Science, and Languages. It is not compulsory and is entirely the student's and parents' choice.

This facility is available to students who have passed Grade X and wish to improve, as well as those placed in the Compartment category. Students who did not appear in 3 or more subjects in the main examination are not eligible to register.

For parents of students from the Middle East region (UAE) whose examinations were cancelled, your ward's opportunity to appear in the Second Board Examination is fully protected. As per CBSE guidelines, Middle East students will be allowed to submit their registration after the declaration of their results. The school will inform you about the registration process and all further steps as soon as the results are announced.

For students whose results have already been declared, please refer to the registration schedule below:

Phase	When	Who Should Register
Phase 1- LOC Submission	18 March – 31 March 2026	Students whose results are already declared and who have decided to register.
Phase 2 – LOC Submission	Within 5 days after the declaration of results	Students who wish to decide based on their results. Middle East students will register in this phase.
Phase 3- LOC Submission	7th day onwards after results – 2 days only (with late fee)	Last chance for students who missed Phase 1 and Phase 2. A late fee will apply.

Please be aware that subject changes are not permitted from the first examination to the second, except in the case of Mathematics, as per CBSE policy. Students placed in the Compartment category must resubmit their LOC afresh, as their improvement subject criteria may change after the result is declared. Parents should also note that examination centres for the Second Board Examination will be limited in number, and once a centre is allotted, it cannot be changed. Please be prepared for the possibility that the assigned centre may not be in proximity to your location. The school will share the examination fee details and the payment process separately once the results are declared and the confirmed LOC for the Second Board Examination 2026.

Best Regards
