

Career fair at GMS - Grade 11 & 12

Dear Parents and Students,

Greetings once again, our school has a robust career guidance service and has been catering to the student's career-based requirements.

In addition to that we are excited to let you know about a career fair that we are organizing along with an event management company for your ward of **Grades 11 and 12 on the 16th of September Friday 2022.**

There are about fifteen university representatives that would be available at our school campus for the students to explore new course options and pathways, students could talk to the university reps regarding the criteria of admission or any other queries as well.

We request your ward to make the best use of this opportunity to know about universities and courses in Dubai.

Looking forward to an exciting time.

Warm regards
