

Circular for Cloth Donation Drive at school - KG to 12

Dear parents,

Greetings from GMS!

'We rise by lifting others!'

It's said that charity begins at home and it's further reinforced at school and we would like our children to contribute to society in meaningful ways during their school-life and beyond.

With this in view and to support the less fortunate among our brethren, our student council members are organizing a **Cloth Donation Drive at school from 16th November to the 18th November' 2021**. Students from all grades are requested to donate clothes to this campaign. Kindly make sure the clothes donated meet the following criteria:

- Clothes for children, men and women of all sizes can be donated.
- Do not donate stained, ripped, or damaged clothes.
- Do not donate worn socks or undergarments.
- Kindly make sure all clothes have been recently washed or dry cleaned.
- Fabric items like bedding or towels in good condition may be donated.
- If there is a huge quantity to be donated, parents can visit school and drop it at the reception.
- The clothes need to be folded and packed in covers or bags and must be handed over to the student council members who will be visiting classes to collect the same.

Let us join hands to do good for the needy and deserving members of our community.

Kind regards,

Gulf Model School, Dubai
