

REGULAR FEE PAYMENT - KG TO GRADE 12

Dear parents

Greetings from GMS!

Hope this mail finds you and your family coping well in these unprecedented times. Let us remain positive, this too shall pass and there will be better days ahead.

It has been a big struggle for the school as well, managing the unexpected closure, staff redundancy, introducing distance learning, training teachers etc.

We had to take some strict measures, all the time adhering to the guidelines given by the authorities, to try and recover the huge backlog of fees accumulated over the years at the GMS.

At the same time we do understand the struggles the school communities are going through and we are willing to further extend the date for clearing the fee arrears.

Please make sure that you clear all existing fee arrears by the 10th of June'2020. Meanwhile all students may continue attending the distance learning classes uninterrupted.

If any parent is in financial distress and would like to discuss deferred payment of fees, please get in touch with Mr.Ghafoor, General Manager at Gulf Model School.

With every good wish

Gulf Model School
