

Parent-School Electronic Device Contract

Technology provides our students with wonderful opportunities to research, explore and collaborate with teachers and peers. With these benefits come challenges and conflicts that we aim to help our students resolve. Our school provides access to computers and the internet during the school day. Furthermore, students who need to call their parents should do so using the phone in the school with the approval from the supervisor. Students are not permitted to bring mobiles/electronic devices including smart watches to school. If for any reason students need to carry mobiles, the parent needs to meet the supervisor and submit a written application in advance. In such instances the device must be given to the class teacher in the morning and collected back before the dispersal time.

The use of mobile phones in school is a privilege that must be used in an ethical manner with consent. In the light of many unpleasant incidents that have happened in school we are regulating this home school electronic devices contract which will be duly signed by both the parent and the student and submitted to the respective class teachers by November 28 Sunday ,2021. The school reserves the right to take any appropriate action against a student who violates this contract.

Consequences of bringing mobile phone to school are as follows

- If students use their mobile phones in school, the phone will be confiscated by the teacher and submitted to the principal and will be released only after a meeting with the parent of the student.
- Failure to follow the clauses in this contract will result in detention, suspension or dismissal in accordance with the rules of the ministry.
- Filming or taking pictures of students and staff will result in School suspension.
- Posting or sharing pictures or videos of students and staff will also result in suspension.
- The school will not be responsible for damaged, lost or stolen mobile phones.
- In cases where the phone is confiscated more than two times from a student, the student's phone will be returned only at the end of the year.
