### VISION

Student preparation in the K to 12 education system for leading a productive life in this dynamic world to contribute to the sustainable development of the UAE society.

### MISSION

Every student at English Private School of Kalba will be a confident, action-driven team-player with a love for learning, and someone who radiates the school's Core values. Our students will become independent learners, critical thinkers, and problem solvers well-equipped with 21st century skills.

### From Principal’s Desk:

Dear Parents & Students,

Gear up for the hustle and bustle this month. There is Science Week to research & explore, celebration of UN Day – ‘End Racism & Build Peace’ and celebration of Prophet’s Birthday. Among all that are the Mid-Term exam starting from Monday 10 October followed by Open House.

This will help each one of our students to know their attainment level and set goals to achieve better. School is also expecting School Performance Review visit from SPEA this month. Let’s all get active and prepare ourselves to give off our best.

Haroon Ahmed  
Principal

# School Performance Review

School will have a complete comprehensive evaluation by SPEA, as per UAE School Inspection Framework issued in 2015. It will span over 4 days and include meetings with school leadership teams, parents, teachers, students, and other stakeholders, visiting classes to observe Learning & Teaching and reviewing documents like school self-evaluation & improvement plans, in addition to the survey of stakeholders.

Thanking all stakeholders for the strong and continuous support in showcasing school as one of the best schools in Kalba.

## Mid Term Assessment -1

Second week of September we conducted “unannounced” Baseline test in all subjects for all our students. This was to assess the skills and abilities of students at the start of the year, to help teachers plan teaching & learning and motivate their students and ultimately, measure attainment overtime.

Mid Term exam:

The Term-1 Mid-Term Assessment will start from 10 October. The purpose of the assessment is to provide a formal starting point – baseline/diagnostic assessment for each student in each grade for each subject. By gathering this early attainment data we will be able to give feedback to parents regarding the points of strength & areas of growth for your child in each subject.

Based on the result, you as parents and primary educators will have a clear idea of the areas that need improvement. We will assist students to reflect on their learning and set goals so they & teachers can focus on these areas over the course of this academic year 2022-23. Thereby, ensuring progress as they move from strength to strength & ultimate success.

Wishing all the best to our dear students in the journey of progress, achievement & success.

## Support Classes

School is planning to start support classes in English, Math & science, after school hours on every **Wednesday** of the week. The classes will start w.e.f 19<sup>th</sup> October 2022.

**Target group:** Yr2/Gr1 to Yr6/Gr5

**Time:** 1.35p.m. to 2.20p.m.

**Please note:**

1. Transport arrangement for picking up the child after classes is solely the responsibility of parents.
2. Classes in these subjects will be decided by the subject teachers, based on the performance of the students.
