

**Grade 10 - Circular**  
**Two levels of Board Examinations in Mathematics**

**Circular No: HB/AC/22-23/04**

**Dated: 15/04/2022**

Dear Parent,  
Greetings!

"It has been decided by CBSE to hold two levels of Board Examinations in Mathematics for class 10 from the year 2019-20, which are as follows;

1. First level - Mathematics Standard - the same as existing examination
2. Second level - Mathematics Basic - an easier examination

The syllabus, classroom teaching and internal assessment for both levels of examination remain the same, only question papers for the Board Examination will be different for the two levels.

Based on the above declaration made by CBSE, the school has decided to execute this opportunity as detailed below;

Eligibility	Subject	
55% or above in the PA 1 Examination	Mathematics Standard	Pursuing Mathematics in Plus Two
55% below in the PA 1 Examination	Mathematics Basic	Not Pursuing Mathematics in Plus Two

However CBSE offers an alternative for those who have opted Mathematics Basic to appear for Mathematics Standard at the time of compartment examination in case he/she changes his/her mind to pursue Mathematics at Senior Secondary level. A detailed picture of this declaration can be found in the link provided below;

LINK - Refer to the circular [Mathematics Standard and Basic Circular - 2019](#)

Note: Please fill the below acknowledgement form and submit to class teachers by **18th April 2022**.
