

Cyberbullying

Circular No: HB/AC/23-24/114

Dated: 05/02/2024

Dear Parents,
Greetings!

As part of our ongoing commitment to ensuring a safe and nurturing environment for all students, we have been a part of the National Bullying Prevention Campaign initiated by the Ministry of Education (MOE) every year. The theme for this year's campaign is "Flourish Together," and the primary focus is on combating cyberbullying.

In our efforts to keep you informed and involved, we are sharing a Powerpoint presentation that serves as a valuable reference guide. This presentation includes essential information on identifying, preventing, and addressing cyberbullying. We believe that by working together, we can create a community that fosters respect, empathy, and understanding among our students.
