Dear Parents and Students,  
Greetings!

In connection with **Emirati Day for Education, observed annually on 28 February**, the school affirms education as a shared national responsibility that brings together teachers, families, and students. This occasion commemorates the graduation of the first cohort of teachers from UAE University in 1982, a defining milestone in the UAE's education journey and a reflection of the leadership's vision that investing in people is the foundation of national progress.

**In line with this vision, the school continues to strengthen partnership with families, recognizing parents as key partners in supporting students' educational experiences and enhancing learning outcomes.**

Expressing appreciation for teachers reflects a national priority to acknowledge their essential role as the cornerstone of quality education and their impact on shaping future-ready generations.

To motivate and appreciate the efforts of our dedicated teachers, parents and students are invited to share messages of appreciation for teachers through emails or short video messages to the teachers' official email IDs.
