BREAST CANCER AWARENESS DAY

Dear Parent,

Greeting from **Al Ameer English School**,

As part of our ongoing commitment to health education and community awareness **Student's Wellness Club** of our school is organizing a **Breast Cancer Awareness Day** on **Tuesday, 07th October 2025**. This initiative aims to spread awareness about breast cancer, encourage early detection and promote empathy and support for those affected.

Planned Activities by Grade Level:

Grades 6–12:

Awareness Assembly

As part of the assembly, we are honored to welcome **Dr. Sofia Robab, (General Practitioner from Noor Al Shifa)** who will be addressing our students. She will share valuable insights on breast cancer awareness, the importance of early detection, and ways to support affected individuals. This session aims to empower students with knowledge and promote a sense of responsibility towards health and well-being.

Grades 1–5:

Breast Cancer Awareness Coloring Activity

- **Venue:** Respective Classrooms
- **Activity:** Students will engage in a special coloring session using age-appropriate drawings featuring pink ribbons, supportive messages, and symbols.
- Class Teachers will guide discussions in simple terms to help children understand the importance of caring, kindness, and health awareness.
- Children are kindly requested to bring their own coloring materials (crayons, color pencils, etc.) for the activity.

We encourage you to talk to your child about the importance of this day and support them in participating actively. Let's work together to raise awareness and show support for those affected by breast cancer.

With regards

Dr. S. J. JACOB

(Principal)
