STEM-2023 Challenge !!!!!!!!!!!!!!!

Dear Parent,

The Department of Science has organized STEM 2K23 in order to inspire and motivate students in the fields of Science and Technology .It is intended to showcase students' aesthetic ideas , innovations and creativity.

As part of the programme, **the students of classes (1-12)** are expected to bring out the 'Best out of Waste'. The students are requested to make working models or still models using household waste items such as cardboard, bottles, used papers, newspapers, clothes etc with a maximum of 2 minutes video presentation.

The videos of making 'Best out of Waste' must be sent to the respective **Science subject teachers latest by May 29th 2023.**

The project may include:

- Investigation based study
- An indigenous design of machine/device and Technology
- Scheme/design of a device or machine to reduce production cost
- Effective innovative and sustainable practice for environment conservation.
- Future Communication.
- Future transport.

For further queries, please contact your respective Science teachers

" Best one will be awarded from each grade "

Looking forward to being part of the programme enthusiastically,
Thanks and Regards.

Principal

STEM'23
