MINISTRY OF HEALTH SURVEY FOR PARENTS & STUDENTS

Dear Parents,

We would like to inform you that the Ministry of Health and Community Protection is about to launch the National Guide for Food and Beverages Served in Schools. This guide aims to promote healthy eating habits and provide healthy food options in schools. In this context, a questionnaire was developed to measure student and parent satisfaction with food and beverages served in school cafeterias. The aim was to collect the necessary data to assess the current situation and support future improvement efforts.

Kindly finish the survey on or before Thursday, 12th June 2025.

Survey link given below: -

- Student Survey (Grade 9 to 12)
