

WORLD ENVIRONMENT DAY CELEBRATION

Dear Students,

We're happy to let you know that our school will be celebrating **World Environment Day for Grade 1 -4** on **Tuesday, 24th June 2025**. This year's theme, "**Sustainable Actions for a Resilient Future**," is all about showing how even the smallest actions can help protect our planet. We've planned some fun and meaningful activities so every student can take part and share their love for the Earth.

Coloring Activity

Grades I – II (Allotted time-7:40-8:00 am)

Our youngest learners will bring their creativity to life by coloring vibrant, nature-themed pictures. This fun activity helps them build an early connection with the environment.

Poster Making Activity

Grades III – IV (Allotted time-7:40-8:00 am)

Topic: "My Dream Green Planet"

Children will express their vision of a clean and beautiful earth through colorful and thoughtful posters.

- **Students must bring their own supplies (colors, glue, chart paper, etc.).**
- **Exceptional artwork will be displayed on the Environment Day Bulletin Board.**

Thanking you,

With regards

Dr. S. J. JACOB

(Principal)
