TECHNO VISION- THE WORLD IN 2030

'Building the Future with Tech'

Dear Parents & Students

We are pleased to inform you that the Department of Science is organizing an inter- house **TECHNO VISION COMPETITION-2023 for classes (9-12)**.

'**TECHNOVISION-2030**' an innovative and forward-looking initiative aimed at preparing our students for the challenges and opportunities of the future. In today's rapidly evolving world, technology plays a pivotal role in shaping industries, economies and societies. Our goal is to achieve global sustainability by the year 2030.

As an institution committed to providing the best education, we believe it is imperative to equip our students with the skills, knowledge and mindset which is necessary to thrive in the digital age. Therefore, the students of 9-12 are given an opportunity to participate in various competitions under the topic – "**MY VISION OF TECHNO-WORLD IN 2030**". The details of the competitions are given hereunder:

HOUSE WISE COMPETITION for BOYS and GIRLS separately.

Each house can bring only one project:

1. Working Model/Still Model
2. Video Presentation/PPT/Documentary
3. Role Play

Each house should participate in all the three competitions. Interested students may give their names to the respective House Captains. The groups will have to be ready with their projects to be submitted on or before 6th October'23.

Anticipating your kind co-operation and continued support,

Thanking you,
With regards,

Dr. S. J. JACOB
(Principal)
