Global Sustainable Development Goals

(SDGS WEEK – 2022)

“Our biggest challenge in this new century is to take an idea that seems abstract – Sustainable Development – and turn it into a reality for all the people in the world - Mr. Kofi Annan”

Dear Parent,

After a few years of pandemic situation, the school is bouncing back with vibrant activities that invite the creative contribution of our students towards the society. We are glad to inform you that the **Department of Science** has taken an initiative to observe **Sustainable Development Goals week from June 6th to June 10th**. It is designed for the unity and progress of people and the planet for all time as per plan ‘Transforming our world: the 2030 Agenda for Sustainable Development’. *The SDGs allow young minds to come up with different ideas, and strategies, and solutions to achieve various goals. The programme will be held in three folds:*

- Addressing the assembly on the Theme
- Role-play on Stage
- Poster making Competition
- ❖ THEMES FOR POSTER MAKING:

- **Grade1-5: GOOD HEALTH**
- **Grade6-8: LIFE ON LAND**
- **Grade9&10: RESPONSIBLE CONSUMPTION**
- **Grade11&12: CLIMATE ACTION.**

(Note: The posters are to be made at home and submitted to the respective Science Teachers on or before 6th June'22. The best posters will be awarded.)

Kindly encourage and motivate your ward to participate in the Poster Making Contest. Avail this chance to showcase their creativity.

Anticipating your cooperation,

With Regards,

Dr. S.J. JACOB
