

## Language Change Policy

Dear Parents and Students,

We would like to share the school policy regarding language selection for all grades.

### Language Change Policy – Grade 9 & 10 :

- Students are advised to carefully choose their language option in Grade 9, as the subject is officially registered with CBSE at this stage.
- Language selection must be finalized by **April**.
- Once the LOC has been submitted , **no requests for language changes will be entertained under any circumstances.**
- No requests will be accepted for Language change in Grade 10 .

### Language Change Policy – Grades 1–8:

- Students are encouraged to choose their language and finalize the selection by **Grade 7**, as foundational language skills are developed by this stage.

### Please note:

- It is strongly advised to make any language changes by **April of the respective academic year.**
- No requests for language change will be accepted after April in any academic year.
- Parents must fill out the Language Change Request Form and submit it to the class teacher for further processing.
- Students requesting a language change are required to appear for **an eligibility test and must pass the test for the request to be considered.**

Students and parents are requested to make thoughtful and informed decisions while selecting languages to avoid any inconvenience in the future.

Warm regards,  
**Dr. Saifudheen P. Hamsa**  
Principal
