

Par.10/05.2023

Dear Parents,

Language is the basis of communication. The more a student learns new words the more confident and comfortable (s)he will be to use the language. The English Department resumes Language Development Program through a weekly Spelling Test, called **SpellArts**.

Major Features:

- 40 to 50 words will be published every week in Class groups within the range of difficulties of each grade.
- Every Wednesday, a written test will be conducted.
- This Test is an additional Language Development Program, designed by the English Department and its result **WILL NOT** be counted for the Class Promotion.
- A Pocket Notebook is made available @3.00 through the store.
- This book is meant exclusively for the Spell Test and towards the end of the year, every performance will be counted and aggregated.
- The Highest Scorers will be qualified for the In-house Spell Bee Contest and the winner for each category will be awarded with trophies and certificates.
- Those students will represent the School for external Inter-School Spell Bee contests.

We do believe that constant practice on new words will give competency in the use of vocabulary and will boost confidence in the use of Language.

With regards and wishes, **Principal/12.05.2023**
