

ESafe School-An Awareness Campaign

Introduction: Our Children are learning to navigate the world. They tend to be enthusiastic and trusting. The flip side of these wonderful qualities is that they can lack caution and the ability to sense when they might be at risk. When we meet people face to face, they give us multiple cues that help us understand whether their intentions are good or unpleasant. The internet masks these signals and it is far more difficult to tell whether a person you meet online really is who they say they are.

This must be just one of the hidden dangers while engaging with online practices that we are accustomed to. In the current Covid environment, **our children must be given right digital citizenship education.** We have decided to integrate the following areas of Digital Citizenship in the general curriculum of the School as the time demands:

- a) Information Literacy
- b) Cyber Bullying Prevention
- c) Online Safety
- d) Digital Responsibility
- e) Health and Emotional wellness in digital world.

A Fortnight Campaign (two Weeks): The School has formed A Group of Cluster Leaders to give constant guidance and awareness about the Cyber Safety to the Students as well as informative strategies and useful tips to the parents. They are assigned to lead the campaign with interesting activities involving all the stakeholders of the School. Some of the events are mentioned below:

- a) Quiz Contests
- b) Expert Seminars
- c) Student Video Presentation
- d) Cluster Sessions
- e) Digital Citizenship-Elocution Competition for Parents and Staff
- f) Focused Surveys
- g) Promotion of Exemplary E-manners of Students
- h) Whiz-Kid Guest Chats
- i) Assembly Addresses by SLT Members

Cluster Leaders are: Mr.Akshay, Ms.Anu Sushil, Ms.Deepika, Ms.Hisana, Ms.Rangeena, Ms.Ruksana, Mr.Sahad, Ms.Sajithamol, Mr.Salih, Mr.Salim and Ms.Sulfat

With regards,

Principal/17.02.2021
