## Shared Responsibility/ E-Safety

Dear Parents,

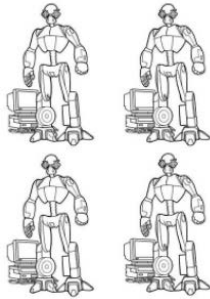

**Online Safety** is an oft-stressed concept in this era of technology and the School has been reiterating its policy very frequently. It is a common fact that there should be inter-connected responsibility among the major stakeholders of the School including students.

This circular is intended to create the seriousness and importance of Online Safety as the dangers are lurking behind the online world. It also directs every major stakeholder to acknowledge the gravity of the issue by binding themselves with main areas of concern, as seen in the link.

Click the link and ensure that the documents are read with complete comprehension and fill the google form. **Submit it on or before 01.06.2022**

**WHICH IS DIFFERENT?**

**ALWAYS TELL YOUR PARENTS**

Always tell your parents about anything that you see on the internet that makes you feel bad, sad, or scared.

**NEVER SEND PICTURES!**

Never send pictures to anyone online without checking with your parents first.

**Never agree to meet in person with anyone you first "met" on the Internet**

With regards,

E-Safety Team/ 30.05.2022
