

IIS/CIR/028/2022-2023
30/06/2022

Dear Parents,

“Greetings from IIS Family”

We are pleased to announce Digital Fest 2022-23, an annual Tech Project Expo by innovative students to showcase their coding and designing skills, will be held towards the third term of the academic year. To give interested students a good opportunity to prepare for this, we encourage them to think and work on their chosen projects from now on.

Below are the details of the competition and the participating categories as well.

Competition Type	Group/Individual
Tech Talk (Category 3 & 4)	Individual (presentation and talk)
AI/Robotics/IoT (Category 3 & 4)	Group/Individual
Websites/Web/Mobile Apps (Category 3 & 4)	Group/Individual
Games (Category 3 & 4)	Group/Individual
Programming competition <ul style="list-style-type: none">• Web designing (Category 3)• Python (Category 4)	Individual (conducted on spot on the day of competition)

Students who can participate

- Category 3 - students of Grade 6,7,8
- Category 4 - students of Grade 9,10,11,12

Note:

- A student can register only for one competition event (Group/Individual).
- Maximum number of participants in a group event is 2.
- The Digital Fest guidelines will be shared by Class teachers.
- The interested students can register for this competition through Cyber Square LMS on or before **09/09/2022**. The tutorials on how to do the registration will be shared by the class teacher.
- Students can commence their project work during the summer vacation and submit for the first level screening which will be conducted by the end of September 2022 in which students should demonstrate 50% completion of their projects.
- Further details will be informed to the registered students later.

Thank you for your cooperation & understanding.

Stay safe and healthy!
