Dear Parents,

“Greetings from IIS Family”

This is to bring to your kind notice that the MOE has made it mandatory for all schools in the UAE to conduct International Assessment Tests for the students for AY 2022-23. Based on the instructions from the Ministry of Education, our school is planning to conduct ASSET for Grades III, V, VII & IX. ASSET is a unique test that checks the depth of students' understanding on every topic (Inclusive of English, Maths and Science).

HOW DO STUDENTS BENEFIT FROM TAKING ASSET?

Students get a personalized comprehensive view of their performance, in the Student My Book, on the test along with detailed insights on their strengths and areas that need improvement. Students also get benchmarked with their peers across the country and internationally, to help them understand where they stand, along with targeted practice questions.

GUIDELINE FOR USING AQAD

An initiative of ASSET, AQAD (ASSET QUESTION-A-DAY) is a set of thought provoking questions picked from the ASSET database to test students' understanding of concepts and is made available daily through this website. Students are advised to login and practice questions to get adequate training and exposure for attempting the ASSET type questions for English, Maths & Science. We urge and request our parents to monitor and support their wards so that they can perform better in upcoming ASSET Examination.

- The below given link will guide you to the web page of AQAD
