

IIS/CIR/084/2021-2022  
04/10/2022

Dear Parents,

***“Greetings from IIS Family”***

Kindly note the below important points in regard to School Transportation and Own Transport dispersal to be adhered effectively from **05-10-2022**.

1. All students should wear their ID cards at all the time while in the school.  
To enhance the safety and security of all our students, RFID systems are installed in the buses and at the gates. All bus students should punch their ID cards while boarding and de boarding the bus. Own transport students should be doing the same with their ID cards at the gates. Doing so the parents will receive notification of their wards arrival and dispersal from the school.
2. Girls own transport Grade 6 -12 allotted Own Transport rooms has been changed and shifted to Girls sections 1<sup>st</sup> floor. Parents are advised to pick their wards from the Girls section first and later pick their siblings from respective Own Transport rooms for Primary 1&2. The vice versa should be strictly avoided. The directions will be marked and for support the duty staff will be available for the smooth Own Transport dispersal.
3. The Own Transport parents are advised to use respective entry and exit door as per the markings displayed.
4. No students of boys section are allowed to enter the girls section to pick their siblings. Only the authorized Parent/Guardian is permitted to do so as per the school records.
5. Students are following the “Walk on Right Side” policy in the school premise. Hence we urge all our Own Transport parents to follow the same directions marked in green.

**Your co-operation and understanding will be highly appreciated in this regard.**

***Stay safe & healthy!***

**PRINCIPAL**  
**Ms. Qurat Ul Ain**
