

IIS/CIR/086/2024-2025

14/11/2024

Dear Parents,

*“Greetings from IIS Family”*

We are pleased to inform you that the school is organizing an E-Waste Collection Drive to promote environmental sustainability and encourage responsible disposal of electronic waste. This initiative aims to reduce the environmental impact of e-waste and create awareness among our students about recycling and eco-friendly practices. The collection will begin on **15<sup>th</sup> November 2024** and will continue until **29<sup>th</sup> November 2024**. Students are encouraged to bring their e-waste items to school on any of the collection dates.

**Guidelines:**

1. All students are requested to participate by bringing their unwanted or non-functional electronic devices.
2. Students may bring old mobile phones, chargers, laptops, tablets, cables, batteries, and any other small electronic devices that are no longer in use or are damaged.
3. The e-waste collection will be held within the school premises.
4. Bus students can dispose their e-waste in the collection box located in the Green Area near the School Main Stage.
5. OT students and parents can dispose their e-waste in the collection box located near the School Reception.

We encourage all students to bring their e-waste and contribute to this important cause. By participating, we can help reduce pollution, conserve resources, and ensure safe disposal of electronic waste.

*Your cooperation will be highly appreciated in this regard.*

*Stay Safe & Healthy!*

**PRINCIPAL**  
**Ms. Qurat Ul Ain**
