IIS/CIR/046//2025-2026
5/7/2025

Dear Parents,

"Greetings from IIS Family"

We are pleased to announce **Innovista 2025**, an annual Tech Project Expo by innovative students to showcase their coding, scientific, mathematical and designing skills, which will be held in **November 2025**. To give interested students a good opportunity to prepare for this, we encourage them to think and work on their chosen projects from now on.

Below are the details of the competition and the participating categories as well.

Competition Type	Grade	Group/Individual
Websites/Web/Mobile Apps	KG-IV	Individual
	5-12	Group or individual
AI/ Robotics) Science and technology-based projects (Use Makeblock -Mbot, raspberry pi, Arduino, Tynker projects)	KG-IV	Individual
	5-12	Group or individual Example topics: Assistive technology devices Sample links: https://mblock.makeblock.com/en/ https://www.rasberrypi.org https://www.arduino.cc/ https://pictoblox.ai

Games	KG-IV	Individual
	5-12	Group/Individual
Science working Model	KG-IV	Individual
	5-12	Group/Individual
Posters in Science and Technology	KG-IV	Individual
	5-12	Group/Individual
Mathematics still model	KG-12	Individual

Students who can participate

KG	KG1 and KG2
Category 1	Students of Grades 1,2,3,4
Category 2	Students of Grades 5,6,7,8
Category 3	Students of Grades 9,10,11,12

Parents are requested to note the below guidelines:

- A student can register only for one competition event (Group/Individual).
- The maximum number of participants in a Group event is 3.
- The first level screening will be conducted from September 1st onwards by computer teachers / Science/Math teachers.
- The project has to be innovative in all aspects and students must refrain from presenting the same projects presented for the usual STEM exhibition.
- Further details will be provided to the registered students later.

Thank you for your cooperation & understanding.
Stay safe & healthy!
