# Dear parents and students...

We are so proud of all the amazing progress you've made this year! As we step into the summer break, we wish you a season filled with giggles, sunshine, storybooks, splashes, and sweet memories.

To keep the curious minds active and creative spirits soaring, we've prepared a **fun-filled summer vacation homework** — nothing too heavy, just some exciting activities to enjoy together. Think of it as a little adventure to sprinkle some learning into your holiday fun! ✍️📖🎨🏖️

## ★ “Hanging Happiness Recycle & Shine!” ★

Let's turn trash into treasure! We invite our tiny creators to make a beautiful Plants hanger using recyclable items from around the home — bottles , cardboard, buttons, yarn, and more!✂✏♻

✂✏ Here's How to Create Your Hanging Happiness:

**Choose your base:** Use a stick, hanger, or cardboard ring as the top of your mobile.

**Collect recyclables:** Bottles , straws, paper cutouts, plastic spoons, beads, or anything safe and light.

**Decorate:** Use paints, stickers, or markers to make your items pop with color!

**String it up:** Hang your decorated items with thread, string, or yarn from your base.

**Balance & beautify:** Make sure your mobile is balanced and fun to look at from all sides. Let it dry and sparkle in the sunlight! Grow a plant inside the bottle .

*Bring It Back to School! Don't forget to bring your “Hanging Happiness” on the first day after summer vacation. We'll hang them up and make our corridor a gallery of your wonderful, recycled creations!*

## „The Addition Box” – Let’s Count & Add with Fun!

We invite our clever students to make their own “**Addition Box**” — a playful way to explore how numbers come together to make more!

Here’s How to Do It:

Take any small box (empty shoe box) and decorate it with colors, stickers, or drawings.

Paste cups/tissue roll as shown & mark the symbols.

Be ready with small counting items: buttons, pebbles, beads, pasta pieces, or bottle caps — make sure they are safe to handle

Use it to create and solve simple addition problems like: “2 red buttons + 3 blue buttons = ?” “4 caps + 1 cap = ?”

You can write your number/number name or draw them on a sheet to go with your box.

Bring your decorated Addition Box and sample problems to school after vacation — we’ll play math games together!

THANK you!

Have a safe, sunny, and super fun  
summer break!

❁ Dear Parents,  
Kindly send **pictures** of your child working on these projects.  
Also, please send a **printout** of the pictures along with your child on  
Monday **25th August 2025**.

Thank you for your support !

TEAM KINDERGARTEN
