Dear Parents,

“Greetings from IIS Family”

To enhance the safety and efficiency of student transportation, please note the following important updates:

1. Mandatory Use of the Yellow Bus App:

All parents are required to download the Yellow Bus mobile application. The app provides real-time notifications regarding pick-up and drop-off timings and enables parents to track their child's school bus commute accurately.

2. Parent Presence at Bus Stops (KG to Grade 4):

Parents or guardians of students from KG to Grade IV must be present at the designated bus stop during both pick-up and drop-off times. This is to ensure the safety of young children and to comply with school transport safety protocols.

Your cooperation in following these requirements is essential to maintaining a safe and reliable school transport system.

Thank you for your continued support and understanding.

Stay safe and healthy!
