Thursday, 17th January 2022(Grade 3)

Cir no: HBT ATH / AC GR/27 A/21-22

Date: 11.01.2022

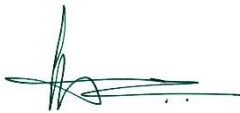

Dear Parents,

Greetings from Habitat School, Al Tallah!!

This is the time to think about and espouse Math in Real life. Have you ever wondered how useful Math is in day to day life? Yes, to understand Math deeply, our brain needs to form connections with real life activities like handling money, shopping, time, cooking, and travelling, etc.

Therefore, to support our students to better understand the world around us by helping us figure out patterns, have better problem-solving skills, think analytically and critically, have better reasoning abilities, Department of Mathematics is going to conduct a competition on the topic '**Math in Real Life**' where students can find some interesting facts about Math from his/her surroundings and create a video presentation (not less than 1 minute) on it and Present it during the Math class. The competition will be conducted on 13th& 17th January 2022 for Grades 1, 2, 3 during Math class. Please help the students prepare well for the competition.

Regards,

**Principal
Ms. Mariyam Nizar Ahamed**
