**Dear Parents,**

Greetings from Habitat School, Al Tallah!!

Here you, students have a chance to make a documentary on your favourite mathematician, by using contributions to Math and history of the Mathematician. A Mathematician is someone who uses an extensive knowledge of mathematics in their work, typically to solve mathematical problems. Mathematicians are concerned with numbers, data, quantity, structure, space, models, and change.

So Make a **Documentary on your favorite Mathematician** by collecting evidence like pictures and reports on the topic and Present during the Math class.

**Regards,**

**Principal**  
**Ms. Mariyam Nizar Ahamed**
