### **CODING CLUB AY 2022-23**

**Dear Parent,**

Habitat coding club is formed for the talented and interested students who are passionate about technology. In this digital world, there are different roles a student can perform and based on the field of interest of the student, we provide mentoring and intense training to the students.

For that the coding club is divided into different roles:

- Coders: Students who are interested in coding and programming including visual coding, websites, mobile apps, games etc.
- Designers: Students who are interested in designing posters, brochures, catalogues, marketing materials etc.
- Presenters : Students who are interested in public speaking and presentations
- Entrepreneurs: Students who are interested in creating innovative projects to solve real world problems.
- Trainers: Students who are interested in professional training in technical topics.
- Film makers: Students who are interested in creating animation videos, documentaries, short films etc.
- Digital leaders : Students who are interested in volunteering Digital citizenship awareness activities
- E safety leaders : Students who are interested in volunteering E safety awareness activities

**Students who are interested may join the Coding club in any one of the above mentioned roles.**

We will be providing activities, training sessions including preparation for national and international level competition, webinars and exclusive competitions for the coding club members which will enhance student's technological skills.

**Students who already registered for the coding club last year are requested not to fill the form again.**

Please fill in the form below on or before **22 /06/2022** to join the coding club:
