MASAR - AN INITIATIVE BY MOHAP

Dear Parent,

Greetings!

As part of the UAE's responsive and sustainable health care system, improving the health of children and adolescents is a National Priority. It strives to prevent the non-communicable diseases which result from obesity. This comes in line with the UAE's sustainable development plans for combating obesity in children.

MASAR is a key initiative designed by The Ministry of Health and Prevention (MOHAP) which aims to promote and encourage a quality lifestyle among the students and create a healthy school environment by making health a part of the culture and foundation. MOHAP urges all stakeholders to exert efforts to reduce the prevalence of obesity and promote a healthy school atmosphere.

In line with the MASAR initiative, MOHAP requires the parents of the students under 13 years old (born in 2011 and above) to upload a post evaluation survey on students' health behaviour in the following link.

Link: <https://msurvey.government.ae/survey/Ministry%20of%20Health%20/je2>

Students aged above 13 years old (born before 2011) must submit the post evaluation survey by themselves in the following link.

Link: <https://msurvey.government.ae/survey/Ministry%20of%20Health%20/je1>

Kindly upload the survey on or before Friday, 31st May, 2024.

Regards

Principal

Ms. Mariyam Nizar Ahamed
