### **Kindergarten Plant sapling**

Dear Parent,

We are pleased to inform you that Habitat School Al Tallah will organize a Plantation activity for kindergarten students. During this event, children will have the opportunity to plant saplings and learn about the importance of caring for them while observing their growth.

The objectives of this activity are:

- To extend learning beyond the classroom
- To offer hands-on, experiential learning through outdoor planting activities in the school's Farm Area.
- To align with SDG Goal 13: Climate Action.

Kindly Note:

Please send a flower or vegetable Sapling along with a pair of gloves for your child to participate in the plantation activity on Friday, October 4, 2024.

**Regards**

**Principal**

**Ms. Mariyam Nizar Ahamed**
